

TESTING PACKAGES

ADHD Adult Testing **\$600**

The basic ADHD testing package includes 2-4 hours of testing and a 90min feedback session to discuss the findings. This package may also include rating scales to be completed by loved ones, roommates, or significant others. ADHD testing often requires emotional or academic assessment, which is included in this package.

ADHD Adult Testing for Academic Accommodations **\$1400**

This testing package includes the required assessments to ensure a student can get accommodations in the university setting. Most universities require IQ, achievement, and cognitive assessments to rule out other factors influencing learning. The package includes 3-4 hours of testing, a 90min feedback session, and a comprehensive report requesting accommodations.

ADHD Children & Adolescent Testing **\$2000**

The ADHD child testing package focuses on determining if a child or adolescent has ADHD and/or other comorbid conditions, as well as providing appropriate evidence to advocate for school services. This package includes interviews with parents, child, teachers, and other caregivers as appropriate. In addition, the assessment includes teacher rating scales, comprehensive academic testing, and a 90min feedback session with the parent/guardian. Testing typically takes 6-8 hours.

Learning Disability Academic Testing **\$2000**

Academic testing will determine the presence of a learning disability, such as problems in reading, writing or math. The assessment includes teacher rating scales, comprehensive academic testing, as well as a 90min feedback session with parent/guardian. Testing typically takes 6-8 hours.

Emotional Assessment **\$1600**

Emotional assessments are done to better understand the individual's functioning across a variety of domains including emotions, behaviors, interpersonal relationships, and so on. This testing package can help determine diagnosis and treatment for the individual. The emotional testing package may take 4-5 hours depending on the tests required, and includes interviews with client, parent/guardian, teachers, etc. as well as a 90min feedback session.

School Observations & Consultation **\$250/hour**

Additional Feedback Sessions **\$200/hour**

TESTING PACKAGES

| | |
|---|----------|
| <i>Intake Interview</i> | \$360 |
| <i>Testing Package</i> | \$ _____ |
| <i>Additional Testing</i> | \$ _____ |
| <i>Observations & Consultations</i> | \$ _____ |
| <i>Additional Feedback Sessions</i> | \$ _____ |
| TOTAL | \$ _____ |

I agree to pay for the testing indicated above. Each assessment includes a 90min intake interview costing \$360, which is not included in the package price. All testing packages include a written report summarizing the findings and for school-aged children, this report can be submitted to the school for consideration of accommodations or initiation of a special education evaluation. Children and adolescents will often have to miss between 1 and 2 full days of school for testing.

Half of each testing package payment is due after the initial intake interview and prior to beginning testing. The remainder is due at the feedback session. I understand that it is possible that further testing may be needed for diagnostic reasons once the testing process has begun.

I understand that I may be asked to complete rating scales as a part of the assessment. Failure to complete these in a timely manner may result in a delay of assessment and/or limited ability to draw specific conclusions.

Rescheduling/cancelling your assessment time can result in delays for other families who are waiting to be scheduled for assessments. Thus, we ask that you carefully consider your assessment time prior to booking and make necessary arrangements (i.e., requesting time off from work/school, arranging transportation, etc). Cancelling or rescheduling your assessment time may result in being put back on our wait list and/or cancelling the assessment.

Late cancelation: A minimum of 24-hours' notice is required for rescheduling or canceling an appointment. Clients will be charged \$200 for their first late cancelation and all other cancelations will result in paying for the full time reserved for the session, which is \$200/hr.
